DETAILED ACTION

Response to Arguments

Applicant's arguments, see pp.13 of the Response, with respect to all claim objections made in the previous Office action, dated January 16th, 2009, have been fully considered and are persuasive. The objections of claims 17, 19 and 20 have been withdrawn in view of the present amendment.

Allowable Subject Matter

Claims 14-39 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 14, the examiner agrees with Applicants' arguments; specifically, that the prior art of record neither teaches nor reasonably suggests a conductor mounted to the stationary part by support rods, in the combination as claimed in claim 14.

Claims 15-26 are allowed by virtue of their dependency.

Claims 27-39 remain allowable for reasons as stated in the previous Office action, dated January 16th, 2009.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
